

Vendor Management Pricing

Platinum Level Full Service

Geared towards credit unions with many complex vendor relationships and needing an end to end solution for all business unit managers. Platinum service includes an assessment of 120* credit union selected vendors, configuration and monitoring of up to 50 vendors, daily management of alerts, trust violations, report generation, and company creation for up to a total of 100 vendors (necessary non-critical vendor contract management). Additional vendors may be added on a per vendor price and may include a higher monthly recurring.

\$5,500 implementation

and \$400/month services and licensing fee which includes 5 seats on the AuditLink VM site.

Gold Level Complete Service

Geared towards credit unions with less complex vendor relationships and needing an end to end solution for all business unit managers. Gold service includes an assessment of 75* credit union selected vendors, configuration and monitoring of up to 30 vendors, daily management of alerts, trust violations, report generation, and company creation for up to a total of 75 vendors (necessary non-critical vendor contract management). Additional vendors may be added on a per vendor price and may include a higher monthly recurring.

\$4,250 implementation

and \$300/month services and licensing fee which includes 3 seats on the AuditLink VM site.

Silver Level Compliance Service

Geared towards small credit unions with less than 15 critical vendors. Silver service includes an assessment of 30* credit union selected vendors, configuration and monitoring of up to 15 vendors, daily management of alerts, trust violations, report generation, and company creation for up to a total of 30 vendors (necessary non-critical vendor contract management). Additional vendors may be added on a per vendor price and may include a higher monthly recurring. Credit unions over \$50 million in total assets do not qualify for this level.

\$3,000 implementation

and \$200/month services and licensing fee which includes 2 seats on the AuditLink VM site. Credit Unions over 50 million in assets are not eligible for this offering.
